# CRANE RENTALS

McAbee has a wide selection of crane rental services to meet all your construction and plant maintenance needs.

[www.mcabeeinc.com](http://www.mcabeeinc.com)

McAbee has a wide selection of crane rental services. It owns and rents a modern fleet of cranes, maintained & operated by certified, safety-trained professionals.

All McAbee crane rentals include fully-certified operators experienced in each crane's operation, load limits and maintenance schedules. Complete rigging, transfer and transport services are also available to assist clients in the safe offloading and setting of large and heavy industrial payloads.

McAbee hydraulic rental cranes are available with up to 400 ton lift-capacity down to lift trucks rated up to 14 tons. Call McAbee for the latest list of available rental equipment.
